

MEETING 2019 MATERIALS

10 DECEMBER

Welcome!

ORGANISING PARTIES

m2i materials
innovation
institute

4TU.HTM

Bond voor Materialenkennis

Opening

Rob Boom
M2i Senior Scientific Advisor

Take time for safety

Be aware
Where is the exit?

Turn your phone on silence

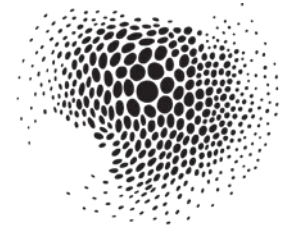

Be polite
And don't look at your
screens either

M2i Conference & Meeting Materials

- Rob Boom
- Jan-Dirk Kamminga
- Bert van Haastrecht
- Reina Boerrigter
- Jilt Sietsma
- Bart Kooi
- Amar Mavinkurve
- Varvara Kouznetsova

Project coordination and planning:

- Marcella Klouwens
- Anniek Enserink
- .. and all of M2i

Bond voor Materialenkennis

Program

- Keynotes in various materials-related fields
- Theme sessions in 9 tracks
- Elevator pitches after morning keynotes
- Ample time for networking

Speakers 10 Dec

Bert van
Haastrecht
M2i

Introduction

Amar
Mavinkurve
NXP

Material interactions in
microelectronics packaging

Speakers 10 Dec

Amir Zadpoor
TU Delft

Meta-biomaterials

Beatriz
Noheda
RUG

Ferroelectric materials: from
actuators to neuromorphic devices

Theme sessions

Themes

- Special Steels
- Integrated Systems, Digital Future
- 4TU.HTM Education in Materials Science
- 3DMed: Medical Materials & 3D Printing
- Sustainability & Circular Economy
- Joining Technology
- MustMef: Multiscale Simulation Techniques for Metal Forming

Thank you
